REAL AXMINSTER.

A hand-made carpet invariably seamless, varying in quality according to the fineness of texture, quality of material used, and the depth of the pile. It is manufactured in various parts of this kingdom and on the continent, where, in consequence of the low rate of wages paid to operatives, certain qualities can be produced at much less cost than its equivalent manufactured here. The better qualities, however, are exclusively of British production, and combine refinement of design and colouring with excellence of quality, and result in a carpet that is durable beyond comparison. Any of these carpets can be made of any size, *in one piece*, and, where necessary, fitted to the shape of hall, room, or passage.

SEAMLESS BEDROOM CARPETS.

Much ingenuity has been expended of late years in the introduction of a variety of seamless Art carpets, all differing in some unimportant detail, yet each sufficiently different from its predecessor to enable the manufacturer to give it a distinctive name. All of these alike are essentially identical with those known as either **Kidderminster** or **Roman** carpets, All alike are Seamless, Bordered all round, and more or less Reversible. The following will afford information of the various qualities.

FLOOR CLOTH.

CORK CARPET. This material has been much improved in manufacture of late years. It is warm to the tread, and in all cases where a carpet is not used will be found a good substitute. It is thick, noiseless, cleanly, durable, and being produced in artistic designs, coloured in monochrome, is thoroughly carpet-like. For use in nurseries, school-rooms, and corridors it is unexcelled.

NOTE.—All the above materials are made 6 ft. wide, and *are sold at per square yard*, thus an order for 21 ft. run of either would use 14 yards, *not* 7. The following 13 pages of coloured illustrations show a few of the designs held in stock.

OIL CLOTH. A few patterns of the original Floor Cloth are still kept on show, prices from 1/11 per square yard.

TO CLEAN FLOOR CLOTHS. Scrub well with a soft brush, using pure yellow soap and NO SODA, dry thoroughly, and finish with a dry chamois leather. If floor cloth be cleaned occasionally with separated milk, or if linoleum be rubbed with reviver, the condition of the cloth will be much improved. PATENT SOAPS or WASHING POWDERS should not be used for this purpose.

CARPET BEATING. The Company undertakes the Taking-up, Beating, and Re-laying of Carpets upon the shortest notice. **Estimates given free of charge.** All Carpets whether **Beaten** or **Blown** are done under cover, which avoids the risk of possible injury from damp, and enables them to be done at any time irrespective of weather.

Carpets are **Beaten** by Patent Steam Power Machinery which secures the uniform extraction of dirt, all parts of the Carpet being equally flagellated with the minimum risk of damage.

Carpets are **Blown** by highly compressed Air, automatically applied to every square inch of the Carpet, effectually removing all dust from the interstices, and in doing so renovating the colours of all Pile fabrics. There is absolutely no risk by this method, so that valuable Carpets, Antique Rugs, or any textile fabric which would be ruined by being beaten, can be safely and effectively blown.

Curtains, Draperies, Hangings, and Bed Furniture taken down, brushed or blown, and remantled.
Vacuum Process by Machinery without removing or taking up. Special quotations given on application.

CURTAIN DEPARTMENT.

The accommodation provided for this Department in the New Spacious Show-rooms is very complete. Members will find a large and constantly changing variety of all the newest CURTAIN FABRICS on show, in a good light, with every convenience to enable the whole range of goods to be displayed effectively and quickly. In the provision of the New Stock, the greater part of which has been manufactured expressly for the A. & N. Auxiliary C. S., L., great care has been bestowed upon the production of fabrics of the highest class, conspicuous alike for artistic merit and for thoroughly durable qualities.

Estimates free of charge.

MEASUREMENTS.—A staff of thoroughly competent workmen is maintained, who are sent, at the shortest notice, to any part of the kingdom to take measurements and instructions, without any extra charge falling upon the Member beyond Third Class Travelling Expenses. The growth of this branch of the business among Provincial Members has been such that the Management has determined to extend to all Members residing in the Provinces the advantage possessed by those who reside in town, in respect of work charges, in connection with this

Department. It has arranged to make the Town tariff for work applicable to all country work, *irrespective of the time consumed in travelling*, so that the only cost to Members, over and above that made for the same work *in Town*, will be the travelling expenses.

MEMBERS taking their own measurements are requested to notice the above sketches, showing measurements that are indispensable when ordering Bay Poles, or Carpets to be made to fit rooms.

CURTAIN MATERIALS.

The increasing attention paid to interior Decoration has been productive of a large number of dainty fabrics, which, if not entirely new in texture, combine some degree of novelty with the original texture. Designers have taken advantage of the peculiarities of weaving disclosed in various fabrics, and have skilfully turned them to account with the result that it is not now necessary to make a large outlay to obtain a thoroughly artistic effect.

TAPESTRIES.

The choice of tapestry suitable for Furniture covering and for Curtains is most extensive, comprising many qualities and every period and style of design. The difference in quality is determined chiefly by the materials used in manufacture, low grades being made of jute and cotton, and the intermediate qualities of judicious mixtures. The width in all cases is 50 to 52 in.

Tapestry, Jute	per yard	1/9	to	2/6
,, Mercerized Cotton, having silken effect ...	,,	2/4	,,	3/6
,, Heavier Cotton	,,	2/9	,,	4/9

,, Silk and Wool Damask	,, ,,	7/6		

The above materials are in stock in a large variety of designs and colourings, including early English and French.

SILK BROCADES.

Increasing attention is paid year by year to the production and manufacture of Silk, so that it is now possible to obtain sumptuous fabrics made expressly for furnishing purposes at a cost far below the price usually associated with silken goods. The following will afford Members a general idea of the range available :—

Cotelaines, 52 in. wide	per yard	4/6,	5/11

Oriental Department.

In the Extensive Showrooms special accommodation has been provided for this Department. A spacious room, decorated and embellished in Eastern style, is reserved exclusively for the display of merchandise imported direct from the East. The Company has exceptional opportunities of acquiring unique specimens of Eastern art in textile fabrics which few vendors of these specialities enjoy. The stock, which is constantly changing, will always be found to contain rare examples of Antique Embroidery from widely separated districts, but all alike typical of the infinite patience, skill, and artistic sense which characterises the more refined productions of Eastern civilization.

Dyeing and Cleaning Department.

NOTICE. The expediency of Dyeing or Cleaning any article cannot be determined by the Company when orders are sent without qualification. Requests for advice will receive instant and expert attention, and in all cases where there is evident risk to the article, the owner will be informed before it is put in hand, but any responsibility beyond that cannot be assumed by the Company, nor can it entertain any question of that kind after the work has been done.

Blinds Department.

SHOW ROOM—SECOND FLOOR, FRANCIS STREET PREMISES.

TO OBTAIN full particulars regarding Window Blinds as manufactured by the Company at its own workshops, application should be made for the Department's Fully Illustrated Price List; the following information being given only with a view to affording Members a preliminary idea of the class of work undertaken in this Branch.

THE ILLUSTRATED PRICE LIST is sent post free on receipt of application. From this much information can be gained regarding the different makes and prices of Inside and Outside Blinds, and in cases where a visit to the Stores is not convenient, selection can be made and orders given therefrom without fear of mistake.

NEW DESIGNS, PATTERNS, &c. A large selection of the latest novelties can always be seen in the showroom, including some very handsome hand-made lace trimmed Blinds, and a number of effective Designs in Applique and other trimmings. Upwards of 200 Blinds and Models in Situ are now on view; this will greatly assist Members in making their selection, the exact working of almost every kind of Blind—from the Conservatory shade to the most ordinary roller action—being clearly shown.

SAMPLES BY POST. Upon receipt of application, Patterns, Samples, or particulars of any make of Blind can be sent by return of Post. In cases where the selection sent does not include anything suitable, arrangements can always be made for procuring special patterns upon receipt of a specification as to requirements.

ESTIMATES. The Company is prepared to send experienced men to any part of the country to take measurements, and to advise, when desired, as to the suitability of any proposed form of Blind. Within a six-mile radius this service is rendered and estimates are submitted **Free of Charge.** Beyond that distance where travelling expenses, &c., are incurred, these are included in the estimate, and in the event of **non-acceptance** the expense of man's time and incidentals is borne by the Company, and the **Third Class Train Fare only** is charged.

TIME FOR EXECUTION. The Company's facilities are such that orders can usually be at once put in hand on receipt, particularly when the Blinds are urgently required and mention is made of the urgency when the order is given. It is, however, strongly advised that Members should place their orders, especially for Outside Blinds, as much in advance of requirement as possible, in order to obviate any chance of inconvenience through seeming delay which is practically unavoidable during the early summer months, when the pressure is very great.

INSIDE BLINDS.

A large selection of suitable materials for Inside Blinds can always be seen in the Showroom, or a full range of patterns can be submitted by post, upon receipt of application.

The Lace Blinds with Insertion, illustrated on this page, are still in full demand. The original makes have been supplemented by new SHADES and by various new and elegant DESIGNS.

An effective and popular combination is the "ARABE" shade of lace mounted on IVORY tinted linen.

Specimen Blinds in this very superior style may be seen in the Department.

BEDSTEAD AND BEDDING DEPARTMENT.

PURE BEDDING—An important consideration of health.

The Management, having regard to the importance of this, have established a Bedding Factory, by which means they are enabled to supply Members with bedding made of absolutely pure materials, under direct supervision, at moderate prices.

GERMAN AND FRENCH SPRING MATTRESSES

Are Spiral Springs with upholstered tops of Wool or Hair, and only require the addition of a top Mattress of Wool or Hair, and are recognised as being the most comfortable of all beds. Manufactured entirely at the Company's Bedding Factory, and samples are on view at the Auxiliary Furniture Show Rooms.

Stoving and purifying, or eradicating moths, extra to above charges, from **2/6** upwards.
The above prices are only approximate, as it is invariably found necessary to add new material, for which an extra charge is made.
In all cases for re-making it is recommended that the Mattresses be stoved, as this process thoroughly purifies them.
The Company cannot guarantee that Mattresses, when re-made and the cases cleaned, will finish same size as originally, as the ticks often shrink in the process of cleaning.
For re-making Box Spring Mattresses, or any kind not shown on this list, estimates will be supplied on application.
NOTE.—When sending in Bedding to be re-made, Members are requested to attach their Name and Address to the same, for identification and to ensure prompt attention.
